Challenges & Barriers to Accessing Support

Intersectionality:

Interconnected nature of social categorizations such as race, class, and gender as they apply to a given individual or group.

Creates overlapping and independent systems of discrimination and disadvantage.

Challenges and Barriers

- Family pressure or disagreements
- Care for family and/or dependents
- Financial stress
- Housing and/or food insecurity
- Disabilities
- Medical and/or mental health issues
- Unhealthy relationships
- Relationship breakups
- Lack of coping skills
- Addiction and/or substance use
- Academic issues

Intersectionality Considerations

- In what ways, if any, have specific challenges (e.g. racism, heterosexism, ableism, etc.) affected a person’s experiences?
- In what ways, if any, have a person’s communities, family, or friends affected a person’s decisions to:
  - Tell someone or report an incident
  - End or continue an unhealthy or abusive relationship
  - Get help or support
- Has the person received support from family and friends throughout the process? What does “being supported” look like for each person?

| Clery reportable crimes that meet Clery geography requirements and/or timely warning requirements | Timely Warnings: Report immediately to campus law enforcement  
Clergy Crime Reporting: Report to the campus Clery Manager |
| Alleged abuse and/or neglect of minors | Report immediately to Child Protective Services or state equivalent |
| Alleged conduct could violate other institutional policies | Refer to the appropriate office(s) who oversees the applicable policies |
Consider if there are compelling reasons:

1. The nature, circumstances, & seriousness of the alleged conduct;

**Supportive Measures**

- Emergency Removal or Administrative Leave
1. **Individualized safety & risk analysis**: Determines that immediate threat to the physical health & safety of any student or other individual arising from the allegations justifies the respondent’s removal from the education program or activity.
   - Notice & opportunity to challenge the decision immediately following the removal.
   - Rights under ADA & Section 504 still apply.
2. Doesn’t preclude an institution from placing non-student employee respondents on administrative leave during the pendency of the grievance process.

### Crisis/Threat Continuum

Hunters vs. Howlers

Example Tactics of Hunters:
Operates in stealth, avoiding notice from others; typically has a goal of wanting to harm others; and follows a path of progression toward violence through (a) surveillance, (b) gathering intelligence, (c) obtaining weapons, and then (d) acting on a plan of violence.

Example Tactics of Howlers:
Makes transient threats; attracts attention; acts out toward others to frighten or intimidate; wants to be seen and heard; wants to control a victim’s emotional state; can be overtly “in your face;” and typically doesn’t want to harm others physically.

Affective Violence

Premeditated Violence
Special Considerations: Sexual Violence, IPV, & Stalking Cases
Common Considerations:

- Indicators of **power & control**
- Presence or threat of a **weapon**
- **History** of dating or domestic violence
- Aggressive or hostile body language
- Pre-existing **protective orders** or “no contact” directives
- Comparative extent of **injury** (if both are injured)
- **Property** damage
- Elements of **fear**

Power & Control Wheel (Examples)

Examples of Predatory Behaviors

- Tests the **boundaries** of the prospective victim.
- Uses **grooming** tactics: Isolation of the prospective victim, trust building, gift giving, have “secrets” between the perpetrator & victim.
- **Plans** and **premeditates** assaults.
- Uses “**psychological**” **weapons** – power, control, manipulation, threats*.
- Uses **alcohol** and/or **drugs** as a weapon to incapacitate a prospective victim.

*Note: “Threats” may not be threats of violence

### Motivational Interviewing: Other Considerations

- Be mindful of the person’s desire, ability, reasons, and/or needs to change one’s own behavior, mindset, or attitude on the subject matter.
- Tailor facilitation prompts or responses based on the person’s interest to changing one’s own behavior.
- Acknowledge the person’s concerns, emotions, and needs.
# Motivational Interviewing: Refocusing Conversations

<table>
<thead>
<tr>

</table>
| If the person doesn’t respond to the relevant prompts... | • Rephrase the prompt again.  
• Acknowledge the shift: “It seems like the discussion is evolving to ____ but we started off exploring ____.” |
| If the person makes an argument about a different topic... | • Acknowledge the concern & attempt to finish the initial discussion first: “I want to talk about that, but let’s first finish addressing ____?” |
| If the person attempts to change the subject... | • It might be to vent or release some tension.  
• Prompt the person to discuss what’s on their mind.  
• Then, use active listening to acknowledge the person’s current concerns, emotions, and/or needs.  
• Try to link the person’s concerns with the initial discussion topic. |
